Ok. Tomorrow morning is ok as is Wed afternoon if that works better

Thanks
Chris

Hi Chris,

I am coordinating the time with Charlie. He is having some [Ex. 6 Personal Privacy (PP)] taken care of, but I think today will be good. I will let you know.

Thanks,

Good Afternoon:

[Nonresponsive based on revised scope]

Thank you for meeting with me on Site last week. Attached are DWOs and some additional info

4/1/19- Amended DWO and supporting documentation attached. I had put the incorrect address on the initial DWO, although I do believe the resident has received reimbursement.

6/1/19 – DWO thru 6/28/19. Please note that I would like to speak to the RM next Monday. I know you indicated this would be Charlie K. Please set up a time with me for this call. I also included hours for a H&S plan. Please insure the H&S plan correctly addresses handling of the rad waste. After our meeting, I talked to some folks here and would like to revisit the plan for storing the rad debris. Perhaps it may be better to store the 5-gallon buckets directly into the box rather than transferring to drums. Less handling of waste. Also, I learned that EPA has 2 B-25 shipping containers available to transport this waste.

I did speak to the owner of the tract of land behind Ex. 6 Personal Privacy (PP) to use to park equipment, portable toilets, decon, and the rehab area. We plan to rent the property from him. Please have your FCA work with Joanna to determine a fair market value. The owner's name is Ex. 6 Personal Privacy (PP)

I will be on Site the week of July 8 doing some residential work. If the RM and FCA want to visit the Site that week, I will approve.

Plan is to mobilize week of July 15.

Please call me at 804-337-3049 with any questions

Thank you

Chris
